Training Policies & Procedures

Region 9 Child Care Resource and Referral Service is committed to providing high quality workshops to assist child care professionals in meeting state requirements. We hope you will find our workshops useful and interesting, and we always welcome your suggestions.

Workshop calendars are mailed to child care professionals bi-annually. All workshops are approved by the North Carolina Division of Child Development and Early Education and qualify for in-service hours. The calendar can be found on our Region 9 website at www.region9ccrr.org by clicking on Caldwell County.

Registration forms are only accepted with payment, either through the mail or in person. No registration forms will be accepted via fax, e-mail, or any other method than what is listed above. All fees must be paid in cash, check, or money order payable to the Iredell County Partnership for Young Children (ICPYC). There will be a return check fee for any check that is returned for insufficient funds to the Iredell County Partnership for Young Children. Anyone with a returned check will not be able to register for workshops until all fees are paid in full.

Participants who are unable to attend a workshop are required to give a 24-hour notice of cancellation in order to receive a credit transferable to another workshop. Substitutions are allowed. Participants arriving 15 minutes late, can stay for the workshop but will not receive workshop credit.

Disruptive and/or rude behavior of any participant will be addressed with the individual, as well as the director of the child care facility they represent. (Examples: talking, cell phone usage, etc.) If the behavior continues, the participant will be asked to leave and will not receive any workshop credit. Please make prior arrangements for child care, as young children are not allowed at any of the workshop sessions.

<p>Getting Started Improving Quality with the ITERS-R</p>	<p>Would you like to gain a better understanding of the Infant Toddler Environment Rating Scale? More importantly, discover how to use the ITERS-R as a self-assessment tool to maintain quality long after the assessment is over. This two-hour training provides an overview of the ITERS-R. This training will explain the organization of the seven subscales used to evaluate programs, as well as the scoring system and what programs can expect before, during and after an assessment. <i>Participants are encouraged to bring a copy of the spiral bound Infant Toddler Environment Rating Scale-Revised edition.</i></p>	<p>October 23, 2018 6:00-8:00pm 2 DCDEE Credits Alicia Shell <i>Infant Toddler Specialist</i></p>	<p>Caldwell Co. <p>Grief and Loss in Young Children: Helping Young Children Cope</p>	<p>Death and loss is a part of life that affects young children. The emotional pain of a child who has lost a loved one makes it tempting to avoid the subject or to try to distract the child. When a loss is not addressed appropriately by adults it may leave the child feeling confused or promote a feeling of distrust. While we would all like to shield children from grief, the reality is that they will all experience it at one time or another. This session will define most common times of grief and loss for young children, identify stages of grief, discover ways young children react behaviorally to grief and loss, and determine ways to support children through this process.</p>	<p>November 15, 2018 6:00-8:00pm 2 DCDEE Credits Michelle Boyles <i>Healthy Social Behavior Specialist</i></p>	<p>Caldwell Co.
